Product Description

Building Products

Waffle Pods

Waffle Pods are a styrene structural reinforcing building product, which are both strong and lightweight. The pods assist in speedy construction and reduce concrete pour costs with natural air pockets in the Expanded Polystyrene (EPS) absorbs movement and increases insulation. Used in residential, commercial and industrial construction.

Note that, all AbaconREO professional building products, including Waffle Construction Pods are available for both retail and wholesale sales, and can be conveniently collected from our Melbourne factory or delivery can be arranged Australia wide. Request a quote today!

Need another reinforcing structural formwork building product variation or specific quantity. We can help! [Contact us](#) today for more information.
